

What does it mean to be a Roman Catholic living in the United States today?

How are we called to participate in the political life of this country?

What are the principles our Church asks us to consider as we vote, as we choose to take action in politics, locally, nationally, and globally?

**If you're ready to hear what our Church teaches about these questions, and so much more, then you're ready for**

## **Faithful Citizenship**

**Tuesdays, August 12, 19, and 26, 7:30-9:00 PM,  
in the Kovacic Center Conference Room**

**We'll discuss the US Bishops' statements on these issues, "Faithful Citizenship: A Catholic Call to Political Responsibility", "Forming Consciences for Faithful Citizenship", and other publications as time permits**

**Please join us, for one or all of the sessions, as you are able!**
